Hy Martin, you can mod and share the gadgets as long as you explicitly mention that your pack is a mod of a gadget pack originally made by gersma, and provide a link to the original gadgetpack here on deviantart. Kind regards, Gersma ----- martinlo64 said the following: Hy gersma I like your collection- can I modified them a little bit (other background and in the calender german days and no changing the dimensions on the desktop).I think only for me is no problem but if I want make them puplic I need your permission. Thank you in advance martinlo64 ( <http://martinlo64.deviantart.com/> )
